Many Complaints

NEW YORK (AP) — State Atty. Gen. Louis J. Lefkowitz says his office has received a "virtual avalanche of complaints" about unorderly mer-

Johnson to Ask

Continued from Page One

Staff, said he would recommend resumption of bombing of North Viet Nam targets if it is decided the Hanoi regime is unwilling to go to the negotiating table. As the bombing lull continued, Johnson's peace campaign appeared to have run into stone wall opposition from North Viet Nam.

The President gave no sign of relaxing his worldwide drive.

One of his objectives may be to rally such strong international support for peace negotiations that North Viet Nam will come under increasingly heavy pressure to reconsider its position.

The peace drive takes a new turn today with Ambassador Arthur J. Goldberg, just back from a European mission as part of the offensive, making a report to the United Nations on his efforts and those of other emissaries, including roving Ambassador W. Averell Harriman and Assistant Secretary of State G. Mennen Williams.

Goldberg conferred Tuesday with Johnson. The President approved his report to the United Nations. Goldberg said it would be issued as a Security Council document and would go to all United Nations members.

Harriman, meanwhile, spent almost two hours with United Arab Republic President Gamal Abdel Nasser and said that they discussed among other things "the significance of the pause in bombing (of North Viet Nam) which is indicative of President Johnson's desire for peace."

Williams continued his tour of African countries.

The first official reaction, as distinguished from Communist press comment in Hanoi, to the Johnson peace drive came from the North Vietnamese Foreign Office Tuesday and it denounced the whole U.S. effort as "a mere repetition of old themes."

"The U.S. authorities' talks about peace are in complete contradiction with their war schemes and acts," the North Vietnamese statement said.

Administration officials were studying the statement but refused to make any comment on it.

Privately, however, officials held to the line that the bombing suspension will continue long enough to give authorities in North Viet Nam time to consider their whole position. Officials say the President has no deadline for resuming the bombings but that the continuation of the pause is under consideration from day to day.

Russell, in his interview, said

chandise received during the Christmas season by residents of the New York City metropolitan area to ban this racket in New York State.

the cost of the Viet Nam war is certain to be a major concern of the new session of Congress convening Monday.

Congress may be asked to approve early in the session a supplemental appropriation of \$700 million for the war, he said.

This would be ahead of the and in addition to \$700 million regular new budget, he said, as much as \$1 billion to \$12 billion for Viet Nam costs in the final catch-all appropriation of late last year.

Russell said he would convene soon a closed session of the special Senate panel which oversees the Central Intelligence Agency. The group wants detailed reports on Viet Nam, the unsettled Dominican situation and other world trouble centers.

William F. Raborn, CIA director and other top level intelligence officials will be questioned behind guarded doors.

As chairman of both the Armed Services and Defense Appropriations groups, Russell said he also would call an early session for reports by Secretary of Defense Robert S. McNamara on the Viet Nam war and the nation's military posture.

Russell renewed his plea for bombing and naval blockade of ports and harbors in North Viet Nam used to supply the Viet Cong and North Viet Nam forces.

"I see no difference between bombing and naval blockade of railroads, bridges and roads," he said.

Senate Republican Leader Everett M. Dirksen said Tuesday he goes along with the current peace offensive. But he cautioned against any negotiations which might compromise the 1954 Geneva agreements under which South Viet Nam's people would be free to choose their own government.

Dirksen said: "Our endeavors must be to bring this war to an end honorably and victoriously. We have got to make good on our pledges that the people of South Viet Nam will remain free."

"I am not one to compromise with the Communist."

Senate Republican Leader Everett M. Dirksen plans a coalition effort to cut back "Great Society" funds in the new federal budget.

INTERNATIONAL

Indian and Pakistani officials say today's negotiations may determine whether the Tashkent talks yield significant results.

A showdown looms between the Dominican government and the rebel movement over the nation's military leaders.

NATIONAL

The sprawling campuses of St. John's University are picketed by teachers striking over the faculty role in policy making.

Actor Ronald Reagan enters the race for the Republican nomination for California governor with a different style of campaigning.

ARKANSAS

A former Arkansas Congressman says the United States would be willing to let communism remain in North Viet Nam and Red China if the two countries would agree to keep their political aspirations within their own borders. By Wayne Dunlap.

Former Miss Arkansas, Rhonda Orlesky, says little girls in Arkansas should have a different ideal than being Miss Arkansas.

Reagan to Run for GOP Nomination

By BILL BOYARSKY

Los Angeles (AP) — Ronald Reagan's decision to run for the Republican nomination for governor provided California with a new style of politics today and touched off more bitterness in a heated Republican primary campaign.

A half-hour film, shown on 16 television stations, introduced Reagan to the voters Tuesday night — a sharp contrast to the rallies, dinners and news conferences candidates have traditionally used to tell the people they will run.

The viewers saw him standing in a relaxed manner in a comfortably furnished den — it was a studio set — talking calmly of state affairs. Gone were the placards and bands of past years.

He conceded he was a political novice, aspiring to be chief executive of the nation's most populous state.

"I am not a politician in the sense of ever having held public office, but I think I can claim to be a citizen politician," he said.

Backers of Democratic Gov. Edmund G. Brown, expected to seek a third term, issued a 12-page statement criticizing Reagan's announcement. Its message: "Reagan is simply wrong."

Two announced candidates for the Republican governorship nomination were quick to criticize.

Former Assemblyman Laughlin E. Waters said the announcement will give the party a chance to decide whether it chooses "to attempt again positions which were overwhelmingly rejected nationally and in California during the last election or whether it will return to

Deputy Sheriff Monk Bates of Jefferson County said

Rainey apparently was baiting fishing lines and fell into the water. When found, Rainey still was clutching the boat with his face in the water.

THE DOCTOR'S MAILBAG

Unsightly Keloids Remain Very Difficult to Remove

By WAYNE G. BRANDSTADT, M.D.
Newspaper Enterprise Assn.

When a scar gets carried away with its own importance you have a keloid. This is a hard, raised scar that is smooth except for its clawlike edges.

Keloids are primarily a cosmetic problem but, if they occur at the collar line or any other location where they are rubbed by your clothing, they may be a constant source of irritation. They usually follow a burn, a chronic infection, operation or vaccination. They may run in families. A large number of keloids were seen in the survivors of the atomic explosions in Japan. Keloids are not malignant and they do not tend to become cancerous.

Many a surgeon has removed an unsightly keloid only to have it recur after the wound heals. When anyone who has a keloid must be operated on the surgeon takes certain precautions.

the moderate and winning position.

George Christopher, former mayor of San Francisco, said Brown "would decisively beat Ronald Reagan." He chided Reagan for his acting background and said the people will prefer someone of "proven ability."

Reagan avoided mentioning his Republican opponents in the televised talk and at a news conference with some 100 reporters.

But Republicans who label themselves as moderates are lining up behind Christopher and Waters. These, generally, are those who supported New York Gov. Nelson A. Rockefeller's losing effort against Barry Goldwater in the 1964 California presidential primary. They say Reagan is too conservative.

Reagan, a co-chairman of California Citizens for Goldwater-Miller two years ago, said he would seek the support of every element of the party in California.

tions, not always successful, to try to prevent another keloid forming in the new scar.

Many treatment have been tried to remove or reduce keloids, but none are completely successful. Exposure to X-rays injecting the keloid with one of the corticosteroids, heavy pressure with a freezing agent such as dry ice injection with a mixture of lidocaine (a local anesthetic) and dexamethasone, all have produced good results in some patients.

More recently, two new compounds, triethylene-thiophosphoramide and triamcinolone acetonide have been found to give good results both on old keloids and in the prevention of new ones. For those who have the patience to stay with it for 10 to 12 months, deep heat produced by ultrasonic waves has also reduced keloids nearly to the vanishing point.

Comparative studies to determine which of the methods mentioned is best have not yet been made but at least there has been some progress in getting rid of these unsightly scars.

For two years I have been getting sores on my scalp and face that do not come to a head. Frequent shampoos help but do not cure this condition. What causes it and what will cure it?

A—You probably have acne necrotica. This disease is in no way related to the acne of adolescents. The cause is unknown but it is most often seen in middle-aged men. It is hard to cure but it can be helped by ribbing white ammoniated mercury ointment (10 per cent) in your scalp every second or third night. This should be washed out thoroughly in the morning. If you are overweight you should reduce and regardless of your weight you should cut out fatty foods and chocolates. If these measures do not help you, you should see a skin specialist.

Wednesday, January 5.
The Hope Duplicate Bridge winners game will be held at the Hope Country Club Wednesday, January 5 at 7:30 p.m.

Thursday, January 6.
VFW Auxiliary will meet at 7 p.m. in the home of Mrs. Henry Fenwick.

United Daughters of the Confederacy, will have a luncheon meeting at 12 noon Thursday, January 6 in the Heritage House.

The Gardenia Garden Club will meet Thursday, January 6 at 1:30 p.m. in the home of Mrs. Frank Ward. Mrs. Lonnie Crow will have the program on "Birds."

Saturday, January 8.
The Friday Wli Music Club The Friday Music Club will have a luncheon on Saturday, January 8 at 12:30 p.m. in the home of Mrs. Haskell Jones followed by an Opera Listening Program at Klipsch and Associates. Assisting Mrs. Jones as hostess will be: Mrs. Harry McLeomore, Mrs. W. E. White, Mrs. M. B. Hatch, and Mrs. Bess Evans.

Monday, January 10.
The Ann Wollerman Circle of the First Baptist Church will meet Monday Night, January 10th, at 7:30 in the home of Mrs. Miles Laha, 2201 South Main Street. All members are urged to be present.

Friday, January 7.
The Rose Garden Club will meet at 2 p.m. Friday, January 7 in the home of Mrs. H. O. Kyler. Mrs. Harry Shiver will bring the program.

Sunday, January 9.
All Circles of the WSCS and both Wesleyan Service Guilds will have a joint meeting at the Methodist Church on Sunday, January 9 at 3 p.m. The business meeting and program will be held in the main sanctuary of the church.

Tuesday, January 11.
Women of the First Presbyterian Church will meet Tuesday January 11 as follows:
Circle 1; Senior Room, 10 a.m.

Circle 2, Fellowship Hall, 10 a.m.
Circle 3, Chapel, 10 a.m.
Circle 4, Home of Mrs. Floyd Leverett at 7:30 p.m. Lesson taught by Mrs. E. E. Bode.
Circle 5, Home of Mrs. McRae Andrews at 10 a.m. Lesson taught by Mrs. Dorsey McRae.

Duplicate Bridge Club
Mrs. Emmett Thompson and Mrs. E. P. Young, Jr. were first at the Hope Duplicate Bridge Club meeting on Monday, January 3 at the Hope Country Club.

R. L. Broach and Dr. George Wright tied for second place with Mrs. Marie Hendrix and Mrs. Bill Wray.

Mrs. P. A. Lewis and Mrs. J. M. Duffie were third of the 24 tables of players. Winners Night was planned for Wednesday, January 5 at 7:30 p.m. and will be held at the Hope Country Club.

Mrs. Leland Warmack Hosts Circle I W S C S

Circle I of the Women's Society of Christian Service, First Methodist Church met Monday, Jan. 3rd at 2 p.m. in the home of Mrs. Leland Warmack with Mrs. Wade Gilbert as co-hostess.

Mrs. Johnnie Green, Circle Leader, opened the meeting with prayer and she conducted the business session. Mrs. L. L. Webb, Secretary, called the roll and read the minutes of the last meeting.

At the regular meeting for the next three months the group will have a study on the Book of Acts and all members are urged to read the Scriptures before the February meeting. Mrs. Ernest O'Neal gave the devotional entitled "Vast Treasure of Content" and the program on "Where Leads Your Quest As A Woman?" Mrs. J. W. Manney dismissed the meeting with prayer.

During the social hour refreshments were served to the 11 members present.

Coming and Going

Miss Diane Ellis of Hope and Miss Sue Walk of El Dorado, spent last week-end in Dallas where they attended the Cotton Bowl game, and also the LSU-Arkansas Awards banquet and dance New Year's night.

Among Hope fans attending the Cotton Bowl game in Dallas last week-end were: Mr. and Mrs. Teddy Jones, Mr. and Mrs. Leonard Ellis, Mr. and Mrs. E. P. Young, Jr., Mr. and Mrs. George Frazier and Mr. and Mrs. Crit Stuart, Jr.

Mrs. Steve Carrigan, Jr. has returned home from Little Rock where she has had a holiday visit with Mr. and Mrs. Roy Prather and Mary Delia.

Mr. and Mrs. Ed Baker and children are home from El Dorado where they spent the holidays with Mr. and Mrs. E. O. Baker and Mr. and Mrs. W. M. Byrd.

Mr. and Mrs. Billy Stewart have returned to Fayetteville after spending holidays with parents, Mr. and Mrs. Bill Stewart and Mrs. J. W. Feld.

Kapok is the fiber of the seed pods of the ceiba tree, grown chiefly in Java.

U.S. Steel Also

WASHINGTON (AP) — The White House found an acceptable solution to the structural steel price crisis today in a \$2.75 a ton increase announced by giant United States Steel Corp.

President Johnson's child economist, Gardner Ackley, said he "hoped and expected" that the \$5 increase posted earlier by Bethlehem Steel, the No. 2 producer, and Inland Steel Corp. of Chicago, would be cut down to U.S. Steel's pattern.

Partial realization for Ackley's hope was quick to appear. Bethlehem rescinded its increase and said it will "review the market situation" after details of the U.S. Steel changes are known.

Chairman Joseph L. Block of Inland said he had not seen details of U.S. Steel's new prices but "when we do, we will revise our own prices to be competitive."

Wheeling Steel Corp. said it does not produce structural steel pieces and has no comment on price moves of other companies.

A spokesman for Weirton Steel, a subsidiary of National Steel, said that the parent firm is studying the U.S. Steel move and has taken no action at this time.

The apparent settlement of the tense five-day power struggle — in which the White House accused Bethlehem and Inland of unwarranted and inflationary action in wartime — came swiftly.

U.S. Steel announced its \$2.75 hike in Pittsburgh in midmorning. It coupled that increase with a \$9 a ton cut in the price of cold-rolled steel sheets produced in California.

Within a half-hour Ackley, chairman of the President's Council of Economic Advisers, was enroute to the White House with a ready-made statement for reporters.

"The action of U.S. Steel is generally consistent with price-wage guidelines," Ackley said. The net gain in company revenue would be "inconsequential," he said, and went on:

"The price reduction is particularly helpful and encouraging and will make it easier to meet foreign competition on the West Coast."

With that blessing the White House signaled its willingness to call quits on a power struggle with the steel industry which, for a time, looked like a replay of the great steel price crisis of April 1962.

A sonnet is a lyric poem of 14 lines.

HELEN HELP US!

— by Helen Bittel —

Win A Few, Lose A Few

Dear Helen: Cheers for your tongue-in-cheek treatise on a new pronunciation of the word "pregnant," but don't you know, Helen, that most newspaper readers don't read closely enough to catch satire? At least the ones who fire back answers.

I'll wager you get stomped, 1. For using "naughty" words like the right names for "abnormal," "attacked," etc. (In your explanation of why some mothers don't like to call a spade a spade), and 2. For not telling mothers they should Always use these words: instead of the less blunt "expecting," "deviate," and what not. Let me know if I'm right. — Editor

Dear Editor: You are Right. Here's a red hot sample:

Dear Mrs. Bittel: What a hard, callous, dirty mind you must have To put these dirty words in a newspaper column! You answered that dirty question about use of those "words"

just to incite and offend. Was especially shocked recently to see you defend bare-breasted women in restaurants. At the same time you insult teenage boys with long hair. (Note from H.: Your pen is sharp but your facts are fuzzy: I've neither "defended" bare tops, nor "insulted" mop tops. You may shoulder length hair for boys isn't "neat." Are women slopping around bare in front of other women's husbands "neat?" I think you should take some long walks in the air to get the dirt in your mind cleared up. — Mrs. C. (No address).

Dear Mrs. C: Dirt, like beauty is in the eye of the beholder. Judging from your letter, you have really got an eyeful! — H.

And here's one from the opposite end of the street. Dear Helen: No matter how young a child is, a parent shouldn't dodge with substitute words, such as "expecting" for

pregnant, "attacked," for raped etc. You should tell prissy mothers how silly they are instead of rationalizing about them. Or are you prissy, too? It would be quite odd to read in a newspaper "Girl attacked," and then discover a dog bit her. And how would you feel if you weren't paying attention to a conversation and heard the last line — "and you know she's expecting. . . ? You'd feel silly if you said, "How awful," and learned she was expecting a mink coat.

There is not one thing wrong with these words. They aren't ugly, and the mother who thinks so should check in the dictionary, which doesn't make a habit of listing "dirty words." — C. F. S.

And then there's always ONE who tries to psychanalyze me:

Dear Helen: I am a faithful fan of yours and generally find your column to contain sound and objective advice; but, really, this business about the word "pregnant" sounding harsh — it's a bit subjective. Is it not possible that deep in your subconscious you harbored negative feelings about the act of becoming or the state of being pregnant which color your approach to the pronunciation of this word? — C. J.

Methodists Give More
ATLANTA, Ga. (AP) — The Methodist Church Board of Education says Methodists are giving more money for higher education but that rising costs make increased church support essential.

The report says current support is inadequate "in this day of unprecedented demands and rising costs" even though Methodists give more money to education than to any other effort. The report said church members gave more than \$18.3 million to education.

Dear C. Pul-easel: My subconscious is so unimplicated. I'd put a psychiatrist to sleep! — H.

Yup, Mr. Editor, you're SO right! It isn't often that a bit of levity in ONE answer gets a columnist blasted for being 1. Dirty-minded; 2. Overly-pure; and 3. Repressed. Ah, the poignancy of it, all. . . (pronounced with a "g" as in "pregnant") — H.

This column is dedicated to family living, so if you're having kid trouble or just plain trouble, let Helen Help YOU. She will also welcome your own amusing experiences. Address Helen Bittel in care of Hope Star.

Raiders Set Record in Baylor Rout

By HAL BOCK

Associated Press Sports Writer
College basketball games run 40 minutes and that's about 20 too many for Brown and Tulane. Two lightly regarded teams, the Bruins and Green Wave had upsets on their minds Tuesday night. Brown had sixth-ranked Providence on the ropes and Tulane had No. 3 Vanderbilt in trouble at Houston, although you'd never know it by the final scores.

Brown's controlled offense and tenacious defense had Providence struggling. The visiting Bruins held highly touted Jim Walker without a field goal in the first half. But Providence, which had been averaging 86 points per game, scored nine straight opening the second half and broke away.

Walker, who scored 50 in the Bruins' championship victory last week in New York's Holiday Festival, wound up with 15, hitting only five for 19 from the floor. Bill Blair led the Friars with 22.

Vanderbilt, playing at home, showed a zone defense that threw Tulane off in the second half. The Commodores had four men in double figures with Gayle Lee's 22 high.

The victory ran Vanderbilt's record to 11-1. Tulane is 3-6.

Texas Tech broke a Southwest Conference record and North Dakota struck a blow for the small colleges in other games Tuesday.

The Red Raiders routed Baylor 77-57 in the league opener for both teams. Baylor led 20-10 at halftime with 26 points and 21 rebounds as five men hit double figures.

North Dakota, which had lost to majors Minnesota and Bradley for its only setbacks this season, downed DePaul 85-71. The Sioux, fifth-ranked in The Associated Press small-college poll, got 37 points from 6-3 Phil Jackson and hand of the visiting Phil Demme, their second loss in 12 starts. Massachusetts Institute of Technology edged Harvard 86-84 for its first victory over the Crimson in 22 years.

Southwest State scored five points in the last 40 seconds as Nebraska shaded Iowa State 76-74 in a big game Conference game at Ames, Iowa.

Texas A&M got 25 points from John Beasley and 19 from Terry Tripp and overcame Southern Methodist's hot shooting for an 88-77 Southwest Conference victory over the Mustangs at College Station. SMC shot 57 per cent from the floor and led most of the way before the Aggies took control with seven minutes to play.

Georgia Tech got 28 points from Pres Judy and whipped touring Pittsburgh 89-77. Judy had 21 in the first half as the Yellow Jackets jumped to a nine-point halftime lead. But he managed only two field goals in the final 20 minutes.

Speed Skating Title at Stake

Just One Thing to Do—Eat That Crow

SANTA MONICA, Calif. Jan. 3 — SPORTS EDITOR 15 poor Prophet — Bob Shafer, left, sports editor of the Santa Monica, Calif., Evening Outlook, publicly eats crow today as a result of his prediction that Michigan State would beat UCLA by at least 21 points in last Saturday's Rose Bowl game.

He's being fed by Dr. Donald B. Lindsley, UCLA professor of psychology who told Shafer he hoped he'd live to eat crow and promised to do the crow eating himself if Shafer were right. UCLA won, 14-12.

Hope Sweeps Three Games From Emmet

By LARRY DON WRIGHT

Hope Star Sports Editor

Hope teams swept three games from Emmet last night as basketball action was resumed in Jones Field House after the short holiday break.

The Lady Cats easily subdued a somewhat shorter squad of Emmet girls, 55-39, and in doing so boosted their season record to 4-2.

The Hope girls led all the way after a close first quarter which left the locals in front by only two. But their lead was increased to nine points through the second period as Hope was ahead by a 26-17 margin at the half.

Emmet was unable to recover from this deficit as the Lady Cats' three main forwards having an exceptional night in the shooting department all hit double digits in the scoring column.

This balanced scoring attack strengthened its punch in the third quarter as the difference grew to its final peak of 16 points.

Gail Hartfield led Hope with 20 points followed by teammates Becky Lewis and Carol Anthony who had 18 and 13 respectively.

Emmet's Dougan was game high with 23 points. The Hope B-team turned back 64-63, in the night's only cliff the fierce Emmet senior boys, hanger.

Hope jumped to an early lead of 21-9 after a single quarter and from then on Emmet played a game of catch up until they finally squared things up in the final period. From then it went right down to the wire.

Mike Westbrook was high point for Hope with 18. Fred O. Ellis gunned for 14 while Dennis Turner and Larry East had 10 apiece.

McBride of Emmet led both teams with 26.

In the junior girls game Hope ran past the visitors, 35-28, for their first win of the season.

The home team led from the start building a 13 point difference at one point. The game was even more lopsided than the score might indicate since it was a low scoring affair anyway.

The Hope girls scoring was spearheaded by Eva Jo Hale and Jo McKemie who had 17 and 16 points in the order.

Each of these three Hope teams will see action again Friday night as Emmet facing the same opponents.

Southern State Keeps Rolling Along

By THE ASSOCIATED PRESS

Southern State College continues to roll on unbeaten in Arkansas Intercollegiate Conference basketball action, but defending champion Arkansas State Teachers College is still applying the pressure.

The Muleriders rambled to their seventh straight AIC triumph Tuesday night by blasting Arkansas Tech 81-70. ASTC remained only one game behind by tripping Arkansas A&M 75-65.

In other AIC action Tuesday night Harding College overcame a 15-point deficit and defeated Ouachita Baptist University 70-68 and College of the Ozarks topped Hendrix College 71-59.

Bill Burson and Nelson Hancock paced Southern State to its victory with 18 points each. Burson got his total in the second half, 12 within a five-minute span. Donny Denton, Bill Askew and Charles Jones added 11 each for the Muleriders.

Doyle Baker had 17 points in lead Tech.

Larry Burleson hit two free throws with 4:28 remaining to give ASTC a 61-59 lead over A&M and the Bears led the rest of the way. Mickey Johnson had 22 points for ASTC and Dick Pickens had 22 for A&M to lead their teams in scoring.

Richard Pyland's 27 points sparked Ozarks to its fifth AIC victory in seven games. Ozarks

Mustangs converted 14 of 19 chances.

The Aggies trailed 46-42 at halftime but behind the shooting of John Beasley and Terry Tripp pulled ahead in the second half. Beasley scored 25 points before fouling out. Tripp added 19.

Texas Christian, winning its first game from Arkansas since 1959, rallied in the last seven minutes to upset the Razorbacks. TCU's sudden switch to a pressing defense forced Arkansas into four straight errors and the Frogs went from 10 points behind to a seven-point lead.

Arkansas' Ricky Sugg led all conference players in scoring Tuesday night with 29 points.

North Line to Be Tough for South

MOBILE, Ala. (AP) — When South backs get through running against the North line in Saturday's 17th annual Senior Bowl game, they may wish they had not tried it.

The big four who have stepped forward as leading contenders for starting defensive line positions for the North average more than 243 pounds per man.

The baby of the bunch is 210-pound Gale Gilliam of Minnesota. The biggest is 248-pound Charley Harper of Oklahoma State. And in between come Indiana's 242-pound Randy Beister and Idaho's 245-pound Doc Dobson.

Linebackers making big defensive sounds with the Yanks so far are Dick Leftridge, a 235-pound fullback from West Virginia; Randy Schultz, a 205-pound fullback from Iowa State college and 235-pound Jim Wasikiewicz of Wichita State.

Both teams spent the first two days of practice in a steady drizzle. Non-contact group work has been the order for both days with South quarterback Randy Johnson from Texas A&I and Yank tilters Bill Anderson, Tulsa, and Gary Lane, Missouri, working on their passing.

South signal-caller Steve Sloan of Alabama, hampered by bruised ribs, has not participated in practice yet. He is expected to begin light work Wednesday and hopes to be ready to play Saturday.

But Sloan said Tuesday, "The ribs are still sore. I just don't know whether I will play or not."

Meanwhile, South workouts have also developed a pattern that indicates which players are likely to take the field when the Reds are on defense.

Linemen Jack Thornton of Auburn, Bob Kowalkowski of Virginia, John Mangum of Southern Mississippi and George Allen of Texas State have been most impressive. Apparent South linebackers are Louisville's Doug Buffone and Auburn's Bill Cody at the outside ends with Frank Emanuel of Tennessee in the middle.

Coffey Expected to Join Porkers

KNOXVILLE, Tenn. (AP) — Charley Coffey, a defensive interior line coach at Tennessee, was expected to announce today his acceptance of an offer to join the Arkansas coaching staff.

Coffey Tuesday termed the Arkansas offer attractive. Coach Frank Broyles of Arkansas was unavailable for comment.

Coffey is expected to replace Jim Mackenzie on the Arkansas staff. Mackenzie resigned last month to become head football coach at the University of Oklahoma.

Coffey was a guard at Tennessee in the mid-1950s.

New League Record by Texas Tech

By THE ASSOCIATED PRESS

Texas Tech scored a league record 115 points and Texas was the only one of last year's co-champions to win in opening games of the Southwest Conference basketball season Tuesday night.

Tech amassed its record total in overpowering Baylor 115-77 at Lubbock. Baylor was the only team to beat Tech in the conference last season and the Bears did it twice.

Texas defeated Rice 94-85 at home to get off on the right foot toward a second straight title.

The Longhorns' partner at the championship table last year, Southern Methodist, fell 85-78 to a Texas A&M rally at College Station.

In the other conference opener, Texas Christian beat Arkansas 88-85 at Fort Worth.

Texas Tech, preseason favorite for the title, bettered the team scoring record of 110 points by Arkansas in 1955 and by Southern Methodist last season. In each game Texas Christian was the victim.

The Red Raiders had a 7-1 lead before the game was a minute old and built the margin to 41 points in the second half. Tech and Baylor each had five players scoring in double fig-

A new industry is taking shape in North Hempstead County in the vicinity of McCall and Blevins. This industry, the production of Channel Catfish, is a venture of Paul Oller, a resident of Hope and former insurance man. Mr. Oller has spent approximately \$40,000.00 in the preparation of rearing ponds, purchase of equipment and his initial stock of fish. His present setup includes several ponds of approximately 2 1/2 acres in size covering some 35 to 40 acres of land. The ponds are fed by an overflowing well with piping arrangements to divert the water into any place needed. His several hundred brood fish are kept in separate ponds and fingerlings are transferred from one pond to another during the time that they are growing to marketable size. Last Thursday, December 30th was moving day for approximately 500,000 young fingerlings and a number of people from Hope, Nashville and watch the operation.

Mr. Oller plans to have these fish available in large quantities later this year and has stated that he has a ready market for them once they become marketable size.

ures, with sophomore Bob Glover of the Raiders on top with 26 points.

Rice, which won only one conference game a year ago and has lost all 10 starts this season, trailed Texas by 20 points with 4:21 to play. Although the Longhorns went scoreless the remainder of the game, Rice could score only 11 points against Texas reserves.

Although barely outshooting Rice from the field, 47 per cent to 44, Texas controlled the rebounds 60-46. Mike Gammon, who injured a leg early in the season, returned to action and scored eight points for Texas.

Texas A&M, a preseason dark horse, was outsho by Southern Methodist 57 to 48 per cent but won the game at the free throw line, making 21 of 28 while the

Red Raiders had a 7-1 lead before the game was a minute old and built the margin to 41 points in the second half. Tech and Baylor each had five players scoring in double fig-

Lakers Have Trouble With Coliseum

LOS ANGELES (AP) — Los Angeles Laker owner Jack Cooke has about 21 hours "to fish or cut bait," says a county commissioner, as his Lakers may be without a home court Jan. 15.

The Lakers have been using the 15,000-seat Sports Arena, under a contract Cooke took over last summer when he purchased the National Basketball Association team for \$5 million-plus.

The contract has two years to run, if Cooke agrees to pay the rent.

As the county's Coliseum Commission meets today at its monthly meeting, Cooke kept silent on his intentions.

Bill Nicholas, general manager of the Sports Arena, says the purchase would save Laker owner wants to stop putting \$50,000 a year into a player procurement fund and negotiate a new 10-year pact.

"The commission has not been about to give it to him," Nicholas said, referring to the many demands for conventions and exhibitions on the near-downtown arena.

Superior Ernest Debs, chairman of the commission's finance committee, insisted Cooke must agree to accept the pact signed by his predecessor, Robert Short, or on Jan. 15 he has no contract at the Sports Arena.

Where would the Lakers go if they were turned out of the Sports Arena? Commission members said the event has been held in Canada.

SPONSORED BY THE **HOPE CITY** JAYCEES

The Hope Jaycees each January honor a local young man further recognized and honored as its outstanding young man. The DSA banquet will be held January 17 at Town and Country. The awards ceremony recognizes and honors the winner's achievement and provides a stage for the honoree to challenge and inspire young men.

Rules for nomination: 1-Age 21-35 years; 2-Must be a U.S. Citizen; 3-Communist or those with Communist leanings are excluded; 4-Nominee must fill out and sign form personally; 5-All information must be on the form; 6-Mail forms to DSA, Chamber of Commerce, Hope, Ark.; 7-Deadline for entries is January 10.

Using separate sheet of paper for each question answer the following:
 1-Outline, describe career of work and activity. 2-Describe nominee, some background, his achievement or contribution in his field, organization, community, state or nation. 3-List quotations, statements of authorities, honors and awards received which evaluate his achievement or contribution. 4-For nominator — summarize reason why you believe your nominee should be selected Hope's DSA for 1965.

Fairly Expensive Telephone Call
 MACON, Ga. (AP) — Official said someone broke into the Salvation Army office here early Monday and used the telephone for an 82-minute, \$166 call to Fairbanks, Alaska. Authorities declined to say how they discovered the call.
 Capt. Everett Leonard, Salvation Army commander, said, "As far as I can tell, absolutely nothing is gone or tampered with."

FRECKLES AND HIS FRIENDS By Merrill Blosser

Agreement in Pakistan Not in Sight

By CONRAD FINK
 TASHKENT, U.S.S.R. (AP) — The leaders of India and Pakistan offered each other a no-war pact today but there appeared to be no prospect either offer would be accepted.

The stumbling block was the two nations' bitter quarrel over possession of Kashmir, the Himalayan state which has had the two nations at war twice since 1949.

President Mohammed Ayub Khan of Pakistan offered a no-war pact "once the basic problems facing us are resolved." That was his way of saying Kashmir must be settled first. Prime Minister Lal Bahadur Shastri of India, whose government has repeatedly refused to countenance anything but Indian control of Kashmir repeated his offer of a no-war pact "to improve the totality" of relations with Pakistan. He made no reference to Kashmir.

Ayub and Shastri met for the first time since the India-Pakistan war in September at a villa on the outskirts of this Soviet central Asian city. Premier Alexei N. Kosygin of the Soviet Union arranged the summit conference and was its host. Shastri declared: "The question which we have

both to face is whether we should think of force as a method of solving (disputes), or whether we should decide and declare that force will never be used."
 Ayub said Pakistan's aims is "to compose our differences with India." Prosperity in both countries depends upon peace — "for us peace is vital." But "underlying problems" must be attacked for "a semblance of peace is no substitute for peace."

WASHINGTON (AP) — The United States would be surprised if there were any quick agreement between India's Prime Minister Lal Bahadur Shastri and Pakistan's President Mohammed Ayub Khan at beginning today in Tashkent.

JMS. officials closely following the situation were of the opinion that any tangible progress between the two nations in their fate of Kashmir would have to be laboriously hammered out. Fighting, which broke out three months ago, has been suspended under a ceasefire agreement, although both sides have charged violations.

The official U.S. attitude is to wish the negotiators well, but to keep hands off and not raise expectations of any quick resumption of U.S. economic or military assistance to either disputant.

The United States has made known to both Ayub and Shastri that an agreement between the two countries which would begin to carry out the United Nations Security Council resolution calling for a withdrawal of the opposing forces from Kashmir would be necessary for further help.

This does not include the supply of American surplus food to India or Pakistan. Officials said that the United States would not use food to help speed a settlement of political differences when India is faced by a potential famine.

Soviet Premier Alexei N. Kosygin personally arranged the Ayub-Shastri talks, in the central Asian city and it was agreed here that neither the United States nor the Soviet Union would like to see Chinese Communist influence increase in South Asia.

At the same time it was recognized that the Soviets would not mind seeing U.S. influence dashed in both India and Pakistan, and Washington would not be upset if the Soviet mediation effort furnished the Russian image in both countries.

The United States has more to lose it was conceded, than the Soviets because Pakista was

a military ally on the southern frontier of the Soviet Union. The Russians have wooed Pakistan with the argument that if Pakistan no longer felt threatened by the Soviet Union, China or India, it would have no need for an alliance with the United States.

Thus it is realized that there are high diplomatic stakes being played in the Tashkent talks.

But while the United States is

not present, the \$345 million in economic assistance to India, in addition to food supplies, and the \$250 million which the United States has been expected to provide to Pakistan for economic development, are powerful cards for Uncle Sam — the absent player at the conference table.

Sarah Bernhardt was born Oct. 23, 1845.

Youth Killed in Accident

SILGAM SPRINGS, Ark. (AP) — Danner Will, 17, of Rogers, was killed today when his car ran off Arkansas 66 and overturned several times about nine miles east of Silgum Springs.

Three passengers in the car were treated for injuries and released.

8 Millions Walk Because One Man Wills It So

New York City has in modern times acquired a reputation throughout the rest of America of being a good place to visit but a most unpleasant place in which to live.

Nowhere else in our country can an individual find less personal peace and comfort and security — nowhere else is the individual so vulnerable to attack by crisis-ridden mobs or so helpless when breakdowns occur in the machinery of our automated age.

There was the electric power blackout that produced a night of terror simply because a technical error paralyzed our greatest concentration of population. But other evils in the metropolis proceed from errors but from the deliberate actions of avaricious and quarrelsome men.

Newspaper men feel the New York City papers are a doomed lot because twice in recent years they have been ravaged by prolonged and disastrous strikes. The reading public was cut off from its main supply of information by ambitious labor leaders, quarrelsome unions, and their determined resolve to halt the installation of modern machinery in the publishing plants.

So does the newest crisis trace back directly to ambitious and ruthless men — the current subway strike called by Union Leader Matthew J. Quill. Quill and five of his associate chiefs are in jail for defying a court order forbidding the strike. But that is not enough. There will be no peace in New York City until the courts seize the union treasury and break Quill and his organization.

For the subways are not a private utility. They are owned by the Transit Authority, and therefore Quill in calling his out-law strike was moving against the government of all the people.

When millions are penned up helplessly in a metropolitan area there is an obligation upon the service industries, to feed and water them and transport them which surpasses the rights and privileges of ordinary trade unionism.

Eight million walk because one man denies them the right to ride.

Quill is an old trouble-maker from way back.

He who denies freedom to other men now is in jail himself — and there may be eventual hope for New York.

Brief Sees No Injunction Violation

LITTLE ROCK (AP)—A brief was filed with the Arkansas Supreme Court Tuesday which said two members of the Madison County Election Commission could not have violation of voting records because they were not covered by the injunction.

Attorneys John W. Murphy of Fayetteville and Leon B. Catlett of Little Rock, the Democratic Party state chairman, filed the brief for Doyle Faubus and Afton Johnson, the commission chairman.

Faubus is a brother of Gov. Orval E. Faubus.

The brief said that the Supreme Court injunction is directed specifically to "litigants," in two suits the Republicans filed in an effort to get authority to copy Madison County voting records.

The brief listed several definitions of a litigant and said neither Faubus nor Johnson came under any of the definitions.

The Republican Party had asked the Supreme Court to cite Faubus, Johnson and Madison County Clerk Charles Whorton Jr. for contempt because county ballots and other materials from the 1964 general election were destroyed after a high court injunction against destroying any records from the election.

Whorton said he was not in contempt because he had no control over the ballots.

Doyle Faubus is the secretary of the commission.

Will Run Away

COLUMBUS, Ohio (AP)—Rep. Robert E. Sweeney, whose Ohio Congress at-large seat is to be abolished by congressional redistricting, says he will seek the Democratic nomination for state attorney general in the May primary.

Still Discussing Possible Peace

WASHINGTON, JAN. 4 — STILL TALKING — Ambassador Arthur Goldberg is still gesturing and talking to President Johnson in a hallway outside the chief executive's White House office after making a direct report on his activities as a key U.S. peace emissary. Following their meeting Goldberg reported the United States ready to go to Geneva or any other appropriate forum to negotiate on peace in Viet Nam.

Plant Contract for Army Boots

PHILADELPHIA (AP)—The Addison Shoe Corp. of Wynne, Ark., has been awarded a \$1,835,000 contract for 250,000 pairs of black leather combat boots and a \$506,535 contract for 54,909 pairs of leather service shoes.

The contracts were announced Tuesday by the Defense Supply Agency.

Scholarship Awards

AUGUSTA, Maine (AP)—Gov. John H. Reed has proposed a four-point legislative program to stop what he called "the senseless slaughter on our highways."

He said he would ask the special Maine legislative session convening Jan. 17 to: Approve the addition of 20 troopers to the 250-man state police force; enact a new driver license control system; appropriate \$14,700 for continuation of the state's driver improvement program.

Come a Blackout, Storm or Power Failure and Any New Yorker Gets Right Neighborly

By HAL BOYLE

NEW YORK (AP)—The average New Yorker prides himself on his cheerful spirit under adversity.

He likes the usual anonymity of life in the big city and takes it in stride. He doesn't mind if the fellow who works at the desk next to him, or the people who live in the house or apartment next to his, remain strangers.

But come a blackout or a snowstorm, and the New Yorker also likes the feeling of spontaneous neighborliness such temporary disasters generate.

Everybody is kindly and helpful to the other guy. Everybody likes to gossip about the hardships met and surmounted. The big town has been turned into a small town.

So it was the first day of the subway and bus strike here this week. There weren't enough merit badges around to reward all the folks who pitched in to cooperate.

People joined in sharing cab rides and organizing car pools. They traded experiences they had had in walking across Brooklyn Bridge or hitchhiking from the Bronx to Queens.

Even John V. Lindsay, the handsome young mayor, set his constituents an example by strolling 60 blocks from a mid-town hotel to City Hall.

To many New Yorkers the adventure was a lark, a welcome break in the routine.

They chuckled at the oral duel between Mike Quill, leader of the Transport Workers Union,

and Mayor Lindsay. To some, Quill was a fiery-tongued St. Michael, fighting the dragon of City Hall. To others, Lindsay was a heroic defender of the municipal purse.

How long will the chuckles last if the strike goes on? Not for many days, one might hazard.

While the New Yorker welcomes a brief break in the rut of the routine, he prefers to return pretty quickly to that rut — because he soon misses it.

If the strike continues for long, you can bet that—

Blue-nosed walkers will discover that it is no fun to mull across the Brooklyn Bridge when the temperature falls to 20 degrees or lower, and ice and snow cover the walk.

Cabbies will be snarling at passengers, and passengers at cabbies.

Cops will be hawling out car pool drivers, and car pool drivers will be hawling out cops.

In fact, practically everybody will be angry — women shoppers unable to get to town for the January sales, business owners, unpaid workers, and even the strikers, who get no strike pay from their union.

Even street beggars and Bowery bums will be angry, because their handouts are bound to fall off.

Yes, the average New Yorker prides himself on his cheerful spirit under adversity — so long as the adversity is temporary.

He expects things to operate on schedule. If inconvenienced very long in an unexpected way, the New Yorker will yelp louder than any man on earth.

Johnson to Ask \$13 Billion to Cover War

WASHINGTON (AP)—President Johnson plans to ask Congress next week for an extra appropriation of almost \$13 billion to cover the costs of the Viet Nam war, sources report.

The money would be for the fiscal year ending next June 30, but only about \$5 billion of the total is slated for actual expenditure by then. The \$5 billion would be spent to replace military stocks.

One source said the remainder of the funds is being sought "in case we need it in Viet Nam—that's the best way of putting it." He said it was a matter of prudence rather than planning for an extended military operation.

Added to the \$1.7 billion voted by Congress last August and \$700 million approved in May, the new appropriation would bring the total for increased action in Viet Nam to \$14 billion plus.

Reports of the request for extra money came as the lull in the bombing of North Viet Nam targets headed into its 13th day — a lull that Sen. Richard B. Russell says may be extended for two more weeks.

Russell, Georgia Democrat who heads the Senate Armed Services Committee, questioned both the tactics of the bombing suspension and its chances for bringing about meaningful negotiations with the Communists.

"I certainly would not like to be the first naval pilot to fly over those SAM (missile) sites after the delays," he said in an interview.

In Honolulu, Gen. Wallace M. Greene Jr., Marine Corps commandant, said the lull is giving the Communists time to catch their breath.

Green said "during the lull, the people there (in North Viet Nam) can make the most of it in repairs, replacements and rehabilitation."

More U.S. ground forces will be needed in South Viet Nam if the current U.S. peace offensive fails, he added.

In another Honolulu interview, Gen. Earle G. Wheeler, chairman of the Joint Chiefs of Staff, said:

Probers to Call Bogalusa Klan Member

WASHINGTON (AP)—The House Committee on Un-American Activities is expected to call Ku Klux Klan members from Bogalusa, La., as witnesses today.

A number of Bogalusa residents under committee subpoena sat in the front rows Tuesday awaiting their turn as the committee, reopening its Klan hearings, centered on a north Louisiana Klan group, Bogalusa, near the Mississippi border, has been described as a center of Klan activity and racial violence.

Judging from Tuesday's testimony, the committee again is seeking to link the Klan with violence and portray its leaders as profiting financially from Klan activities. It pursued a similar line at earlier hearings last October.

The committee heard testimony Tuesday about six men "wrecking crews" to be set up in each local Klan with their identities kept secret even from their fellow Klansmen. The subject of castration also was brought up.

But the testimony came from the committee's chief investigator, Donald T. Appell, not from Louisiana Klan witnesses.

The witnesses called, identified as leaders of the original Knights of the Ku Klux Klan, operating in northern Louisiana, invoked the Fifth Amendment and declined to testify, following the pattern of Easter a Klan leaders during the committee's hearings last fall.

Murray H. Martin of Winnsboro, La., identified as a high official of this Klan group, was on the stand refusing to answer all questions when castration was brought up.

Appell said it was discussed at a Klan meeting in Montgomery, Ala., May 22, 1965.

He asked if it was "reported by any leaders that they would not engage in castration, but if it was necessary to liquidate someone to prove the Klan was not kidding, this would be done?" Martin wouldn't answer.

New Industry for Jefferson

PINE BLUFF, Ark. (AP)—Officials of the Jefferson County Industrial Foundation announced Tuesday that an industry to eventually employ 300 persons would be constructed here, beginning within three to four months.

The officials said the firm would employ 150 persons by the end of the first year of operation. The name of the industry was not disclosed but it was described as a "well-diversified corporation that has been in business for 50 years."

Storms and Floods Lash the Nation

By THE ASSOCIATED PRESS

Floods and storms continued to plague areas in the Pacific Northwest today and snow, cold and gusty winds held a firm grip on sections of Montana, the Dakotas and Minnesota.

In the far Northwest, more rain splashed coastal areas from central California to Washington and snow piled up across inland areas to Montana. Floods have forced more than 1,000 persons from their homes in northwestern California and western Oregon.

The mercury has been below zero for the last couple of days in some parts of northern Montana. The arctic air spread into the northern Plains from northwestern Canada. Below — zero readings were confined to northern Montana and the Dakotas into the Lake Superior district.

The leading edge of the icy blast appeared stationary along a line from northern Lower Michigan through northern Nebraska to southwestern Montana.

Temperatures held below zero Tuesday in cities from northwestern Minnesota across northern North Dakota to north central Montana. Top readings in Montana included -17 at Cut Bank, -13 at Great Falls and -12 at Havre.

More than 1,000 persons evacuated their flood-stricken homes north and south of Eureka, Calif. Several hundred families were forced from their homes by floods in western Oregon. Some major highways and rail lines in northern California were closed by rain, snow and mud slides.

Fifteen inches of new snow fell at Mt. Baker, in northwestern Washington, making a covering of more than 13 feet. The total amount of snow at White Pass, west of Yakima, was nearly 8 feet, including nearly 2 feet Tuesday.

In other parts of the nation, heavy rain fell in parts of southern Mississippi during the night, with nearly 1½ inches at Jackson and McComb. Rain also fell in the warm air along the Florida Coast. The mercury hit 83 at Sarasota, Fla., Tuesday a record high for Jan. 4.

Early morning temperatures ranged from 21 below zero at Cut Bank, Mont., to 77 at Key West, Fla.

80 Wedding Anniversary Observance

FERGUS FALLS, Minn. (AP)—Well-wishing relatives, congratulatory cards and letters by the hundreds pour into the Ole Sholberg home today for the couple's 80th wedding anniversary.

Sholberg is 103. His wife, Otilla, is 101. They emigrated from Norway when they were children.

It was Jan. 5, 1886, when they married, at the farm home of Otilla's parents, the John Hills. They farmed for years, and Ole did carpentering and grain threshing. When he was 80, Ole built a house in town and retired.

For their anniversary, the Sholbergs' eight children were at home. They ranged in age from Oscar, 58, of Fergus Falls, to Julius, 77, of Elizabeth, Minn.

Succeeding generations were represented, too. The Sholbergs have 20 grandchildren. One granddaughter, Mrs. Harold Bailey, came all the way from Yakima, Wash.

Ole has poor vision and hearing, and spends most of his time in bed. Otilla is up and around more than Ole but must hold onto something when she walks about the house.

To prevent the old couple from getting too tired plans for today were kept simple.

UN to Get a Full Report on Peace Moves

By WILLIAM N. OATIS

UNITED NATIONS (AP)—The United Nations planned to give the United Nations a public report today on its worldwide moves for peace in Viet Nam.

Ambassador Arthur J. Goldberg, head of the U. S. delegations to the United Nations, was to hand the statement to U.N. Undersecretary Jose Rolz-Bennett for relay to Secretary-General U. Thant, vacationing in Trinidad-Tobago.

Goldberg scheduled a news conference immediately afterward.

The report was to be circulated to all 117 U.N. members.

Indications were that the report would provide the most detailed formal statement so far of the U. S. position on how to end the war in South Viet Nam and the first written explanation of the current U. S. pause in the bombing of North Viet Nam.

Goldberg announced in Washington Tuesday that President Johnson had authorized him to file the report "to communicate to the nations of the world the President's firm commitment to the cause of peace and the initiative we are taking in that direction."

"We are willing to negotiate," Goldberg told newsmen. "We hope that Hanoi is willing to do the same."

The ambassador reported to Johnson on the talks he had held since last Thursday with Pope Paul VI in Rome, with President Charles de Gaulle in Paris and with Prime Minister Harold Wilson in London.

He also gave Johnson a message from the Pope promising help in getting peace.

Goldberg has worked at the United Nations for peace in Viet Nam ever since he arrived at U.N. headquarters last July 28 to succeed the late Adlai E. Stevenson.

On that day, he gave Thant a letter from Johnson asking the secretary-general for "helpful suggestions" for peace in Southeast Asia and reiterated Johnson's request that all the U.N. members work for peace.

Two days later, he sent the Security Council a letter declaring U. S. readiness to collaborate with other council members "in the search for an acceptable formula to restore peace" in Viet Nam.

On Dec. 6, Goldberg gave Amintore Fanfani, then Italy's foreign minister and the president of the U.N. General Assembly, a letter from Secretary of State Dean Rusk reaffirming U. S. willingness to negotiate for peace unconditionally.

Donate a Million

LANSING, Mich. (AP)—A retired automobile executive and his wife, who met while attending Goshen Ind. College in the 1920s, have given the college a million dollars to build a new library.

Mr. and Mrs. Harold C. Good of East Lansing made the donation to a fund-raising campaign started by the college last year for \$3.5 million in proposed expansion moves.

Negro Appointed at Pine Bluff

PINE BLUFF, Ark. (AP)—Dr. R. Frank Bryant has become the first Negro appointee to a major city policymaking board at Pine Bluff.

Bryant, a physician, was appointed to the city sewer commission by Mayor Austin T. Franks. The city council approved the appointment unanimously.

U.S. Casualties Up Sharply From Year Ago

By FRED S. HOFFMAN

WASHINGTON (AP)—U. S. battle deaths in the Viet Nam war shot up by nearly 1,000 percent last year over 1964, Defense Department figures showed today.

A total of 1,365 American servicemen were killed in combat with the Communists in 1965. The year before, the U. S. death toll in combat totaled only 146 men.

The sharp rise in battle deaths roughly kept pace with the increase in U. S. forces in Viet Nam and with the deeper involvement of the United States in the ground and air fighting.

At the end of 1965, there were 181,392 American servicemen stationed in the country, compared with only 23,000 at the end of 1964 when the United States still was carrying on mainly an advisory effort.

The Army bore the brunt of the U. S. battle deaths in 1965 — 888 soldiers fell. The Marine Corps lost 335 men in action, the Navy 72 and the Air Force 60.

The Army has by far the greater number of fighting men in Viet Nam of any of the services — 111,246 out of the more than 181,000.

The Marine Corps ranks second in strength with 38,458 men, the Air Force has 22,008, the Navy 9,430 and the Coast Guard 230.

Since Jan. 1, 1961, a total of 1,620 Americans have been killed by Communist action.

Incomplete statistics on wounded indicate that more than 7,500 men have suffered injuries in contact with the Communist enemy over the past five years.

Again, the largest portion of these wounds occurred in 1965 — at least 5,969.

In 1964, there were 1,038 wounded — about one-sixth of the 1965 toll.

The current list of missing carries 149 names and 25 other Americans are classed as prisoners of the Communists.

In addition to the battle deaths a total of 1458 American servicemen have died in Viet Nam since 1961 from causes other than hostile action. The 1965 share of this total came to 354.

High Death Rate

TRENTON, N.J. (AP)—There were at least 1,086 traffic deaths in New Jersey last year, the highest total in 28 years.

The State Motor Vehicle Division says the final toll will be announced in three weeks. The 1965 toll was the highest since 1,278 were killed in 1937. The record 1,302 toll was set in 1931.

All Around Town

By The Star Staff

Lady Baden - Powell, widow of the founder of Boy Scouting, will be in Little Rock at the Coliseum March 26 at 2:30 p.m. . . . Confirmer Girl Scouts have been invited to hear and see her along with entertainment by Ouachita Scouts. . . there will be a limited number who may attend, so registrations must be in the Conifer office by January 21, accompanied by \$1.50 registration fee.

It seemed like the people of Hope were trying to stop the population explosion but finally a baby was born here during the new year of 1966. . . on January 3 Claude and Claudia arrigan of Washington became the parents of the first 1966 baby, a 7 pound, 8 ounce girl.

In addition to the 30 students from within the city of Hope 32 others from Hempstead are enrolled at Southern State College whose registration is 2,228 the second semester. . . students

U.S. Steel Also Announces a Price Increase

PITTSBURGH (AP)—U. S. Steel Corp., the nation's largest steelmaker, said today it will boost prices on structural steel shapes by \$2.75 a ton.

The action followed similar, but larger boosts by three other steel firms, including second-ranked Bethlehem Steel Corp.

The industry and the Johnson administration have been waiting to see what U. S. Steel would do following the price hike first announced by Bethlehem Dec. 31.

Charge Against Arkansan Dropped

CHICAGO (AP)—A charge against a Forrest City, Ark., man of failure to report on Oct. 23, 1964 for induction into the Army has been dropped by a U.S. commissioner here.

The commissioner dropped the charges against Joe Nathan Kidd, 26, on Monday. Kidd was arrested here by the FBI last Nov. 26. The U.S. Attorney's office decided to drop the charge after learning Kidd had made himself available for induction.

Paratroopers Flush Viet Cong Force

By THOMAS A. REEDY

SAIGON, South Viet Nam (AP)—South Korean Marines and Vietnamese paratroopers have flushed a large Viet Cong force out of hideouts in hundreds of caves and tunnels in the coastal hills near Tuy Hoa, 240 miles northeast of Saigon.

Six Skyraider fighter-bombers caught one fleeing guerrilla band in the open as "Operation Jefferson" drew to a close, and the pilots claimed that 60 of the black-clad insurgents were killed.

In five days of fighting, the Koreans and Vietnamese claimed 278 Viet Cong killed at a cost of light casualties to themselves. The Communists launched a counterattack Tuesday night, but evidently decided to flee today, leaving a major guerrilla base area in Phu Yen Province to the Allied force, spokesmen said.

The Viet Cong broke off contact at midday. Operation Jefferson relied heavily on artillery and air support, and the Koreans used nonlethal tear gas to drive some of the Communists from their hideouts.

The U.S. 1st Cavalry, Airmobile, Division lost one of its huge flying helicopter cranes in a crash near Mang Yang Pass, in the central highlands 275 miles northeast of Saigon. All aboard were killed. The craft normally carries a three-man crew, but military spokesmen did not know immediately how many persons were aboard or the cause of the crash.

As the fighting raged in the south, the director of the U.S. Agency for International Development, David Bell, announced that American commodity assistance to South Viet Nam would be doubled in 1966 to \$400 million in foodstuffs. The United States has been forced

Boats Handy for Transportation When Flood Hits

WALNUT RIDGE, ARK. JAN. 3 — TRAVELING — Boats are being used for transportation in parts of Walnut Ridge today after more than nine inches of rain fell over the weekend, sending Village Creek out of its banks. Much of town is still under water today. (AP Wirephoto)

Policy of Foundation Is Issued

Mrs. Lura Mae Impson Chairman, Hempstead Chapter of the National Foundation, issued the following statements concerning the purpose and policy of the Foundation:

"January 3, 1938. The National Foundation - March of Dimes was incorporated. Since this time, (twenty-eight years ago) it has been a tradition of the March of Dimes to have an annual Fund Raising Campaign during the month of January. Thanks to the March of Dimes, all forms of Polio have virtually vanished from the United States. This is the history. The National Foundation is no longer a Polio Organization.

"In 1958 the NF expanded its goals to Fight Birth Defects, the Nation's second greatest destroyer of life. These afflictions claim some 560,000 lives each year. Of the babies born alive, one in forty does not live to see his first birthday.

"Birth Defects afflict 250,000 babies born in the U. S. each

year, 700 a day, one every other minute. Counting prenatal deaths, Birth Defects each year claim about twice as many lives as cancer. The National Foundation is making progress in the fight against this terrible cripple of our children. As Mr. Basil O'Connor, President.

"The National Foundation puts it so well. 'It's good to be on a winning team. It's better to be on a team that's making a good fight. It's best of all to be on both.' The National Foundation is a winning team, fighting a good fight.

It has come to my attention, I'm sorry to say, The United Fund has waited until January to conduct their campaign. Contrary to what they would have you believe.

"The national Foundation - March of Dimes is not a part of the United Fund. We, of The NF believe in giving voluntarily, without force or coercion, to give knowledgeably and intelligently to something or which one has a personal care and a real interest. This is one of the rights which democracies guarantee to their citizens so they may have full freedom to set forth and to put into action their own concept of the duties and sacrifices which they may

wish to assume. In an ever increasing number of cases social pressure, economic force and combined coercion, have been deliberately used to foist upon this country a forced and total regimentation of charitable giving through one agency and only one agency. This is surely not the American Way or The Democratic Way. To give you a factual example. In a number of towns, and this strikes at the very basis of Freedom of Expression - the normal channels of communication to the public - Radio, Television and Newspapers, have been closed to the March of Dimes because of the Forced Fund Raising. Whenever we find such UnAmerican and Totalitarian tactics, we must fight them as Citizens. Forcefully and Courageously.

"Our position is crystal clear and is justified by our record. The conquest of Paralytic Polio was brought about because the NF has been able through the generous cooperation of the public to raise sufficient funds through volunteer fund raising and voluntary giving, and to allocate these funds to many different Research Centers spread throughout the country, granting the Scientists there the opportunity to explore fully, bold-

ly and imaginatively into any and all areas that might lead to a vaccine. The giving that made this possible was Free, Voluntary, Knowledgeable, Giving for a specific cause, For a Definite reason.

"The American people knew what we were doing and they knew also what they wanted to do about Polio. They were not dropping their coins into some dark bottomless well for a committee of geniuses to decide what to do with their gifts.

"Through insisting on the preservation of independence of action, both in guiding its program and in raising the necessary funds, The NF holds itself directly answerable to the American People who voluntarily provide these funds. But to NO intermediate agency which might subordinate The NF's ideals and objectives to others of its own.

"We are not just Fund Raisers. We are active, in a total Health Program that goes on all year. Our Patient Care Program is a National one, which cannot be met by a local United Fund.

"Volunteers, concern themselves most actively in the Programs of The NF. The latest being a Prenatal Care Program. To secure for every baby the

best possible chance for normal development from the moment of conception. The NF-MOD has begun a long-range PNC (Prenatal Care Program). Without this sense of real participation, our Fundraising efforts would be faceless, mechanical and purely materialistic.

"Would we have had the Salk and Sabin vaccines if we had had to rely on local allocation of money from The United Fund??? It is obvious that our National Research Program, conducted with flexibility and freedom, was most important in the discovery of these vaccines.

"We rest our case on the premise that, 'Every American Citizen has the fundamental right to participate significantly in the life of Our American Community, to share in its Passion, to be, 'A foot to the Lame and a Father to the Suffering.'

"Based on our record of success and accomplishment in our partnership with scientists and the public, we can march forward to the 1966 Campaign confidently and courageously with God's help, moving into new fields of activity with the freedom of the truth-strong mind, and to those who would deny us such an opportunity we can

Soviet Athlete Stabbed to Death

MOSCOW (AP) — Inga Voronina, the women's world speed-skating champion, has died a "tragic death," Tass reported today.

cry out with a Great American, who as he faced the crowd that had destroyed his Printing Press and burned his Newspaper, 'We are in Earnest, We will not retreat one single inch and We will be heard' . . . What is a Child's life worth to YOU?"

The Tass Sports Department gave this answer when asked about a report that the 29-year-old Soviet skating star had been found stabbed to death in her apartment.

A sports editor confirmed that the death occurred Tuesday but refused to give any other details.

Mrs. Voronina, of Moscow, won the women's world speed-skating championship in 1957, 1958, 1962 and 1965. She was married to a skater, Gennady Voronina.

EOE Grants to State \$25,000

WASHINGTON (AP) — The Office of Economic Opportunity (OEO) announced today 63 grants totaling \$8,356,694 for anti-poverty projects in 29 states and the District of Columbia, including two grants for Arkansas.

The OEO said the Head Start program in Van Buren county would receive \$13,434 and the program development of the Phillips County Development Council would receive \$15,312.
